

ACSME 2016 is September 28, 29, 30 in Brisbane

ACSME

The Australian
Conference on
Science and Mathematics Education

The Australian Conference on Science and Mathematics Education

is an opportunity for tertiary science and mathematics educators to share ideas and keep up to date. At this conference Science and Mathematics encompass biology, chemistry, geoscience, health science, information technology, learning and cognitive science, mathematics and statistics, molecular and microbial science, physics, psychology, and the applied sciences.

DATE & LOCATION: We welcome you to Brisbane, Australia from **Wednesday 28 to Friday 30 September 2016**. ACSME will be held at the University of Queensland St Lucia Campus just prior to the Brisbane ComBio 2016 conference.

THEME: The 21st Century STEM Graduate *What is the place of our STEM graduates in the world? How do we prepare them for what lies ahead?*
