

Advancing Science and Engineering
through Laboratory Learning

Workshops to improve the
quality of
learning in undergraduate
science
laboratories.

Upcoming National ASELL Science Workshop

Dates: 25-27 Nov 2015

Location: Monash University

Disciplines: Biology, Chemistry, Physics and allied
disciplines

Universities are invited to send 2-person teams (one academic and one teaching associate or demonstrator or student) to showcase an experiment and for colleagues to network and view a range of practicals in a 'hands on' format.

Experiments that need improvement are ideal for this workshop.

Cost: AUD\$715 (AUD\$650 plus GST) per team covering registration and food

Due date for EOI for experiments to be evaluated: Aug 17th 2015

Registration deadline: Oct. 26th 2015
